## TOPIARY TRAUMA

BY KITSCH N SYNC | BROAD STREET

Meet Daisy, Lawna and Mo, our glamorous 1950s housewives in sunny suburbia, who enjoy nothing more than a bit of baking and a quiet spot of gardening on a Sunday afternoon. But recently they have all been having some trouble with their topiary... are these ladies of leisure losing their minds or does the flora and fauna have a mind of its own...who knows!? A comedy dance performance and walkabout characters for all the family.

## DOROTHY SHOES PRESENTS

PICADILLY SOUTH

A wonderful whizz through half a century of dance crazes- from the Jive to the Cha Cha Slide via the Twist, the Locomotion, the Hustle and the Macarena.

Dance Through the Decades is a four-person three-hour roving performance and immersive dance event that will bring five decades of dancing to life, animating the streets of Stoke and drawing everyone into the dance.

## RAW MEATS

MARKET SQUARE

The heavy smokers are known for bringing raw energy and flavour to the floor for over a decade. Their showcase "Raw Meat" will make heads spin and jaws drop as they showcase the essence of pure hip hop culture.

## DANDYISMS

BY PATRICK ZIZA DANCE | PICADILLY

Dandy's flamboyance by African men was a defence and a provocation against slavery, described by some as a resistance movement. By the 1960's African Dandyism had become a phenomenon. Through my choreography I want to embody the raw and unrefined energy and expressive dynamism of dance originating in East Africa. I want to celebrate life and cool as well as express a concern for humanism, gender and identity in our increasingly divided society.

## ACTUAL REALITY ARCADE

BY MATTHEW HARRISON | FOUNTAIN

The Actual Reality Arcade is a life-sized interactive game zone for all ages, inspired by classic arcade games. Pilot a spaceship across the galaxy and survive an onslaught of aliens in Defender run or shoot them down in the Space Invaders gallery. Once in the arcade, audiences can take on the challenge of 12 games using their mind, body and imagination to succeed. Pump jump Frogger to safety or build with giant Tetris blocks, try tandem skiing or attempt the Marble Madness run. Enter the Reality Arcade for interactive play and fun where you bring the games to life.

## BEES!

BY ARTIZANI | PARLIAMENT ROW

An installation of multiple hives each hiding a unique, unexpected interior world. Audiences wander amongst the honey-perfumed Bee Colony, occasionally cloaked in smoke, finding a variety ways of viewing and interacting with the contents. In each there is a surprising conceptual twist, which challenges, charms and confounds expectations - you may find yourself looking into the vastness of space, or teased by a telescopic hive soaring into the air. The installation is tended by ethereal beekeepers and atmospherically lit when performed at night.
