About the Performance

	<p>“Everywhere’s a Beach” is a contemporary circus and theatre performance.</p>
	<p>The performance takes place outdoors.</p>
	<p>The performance lasts for 35mins.</p>
	<p>It takes place in one area, around a large beach parasol.</p>

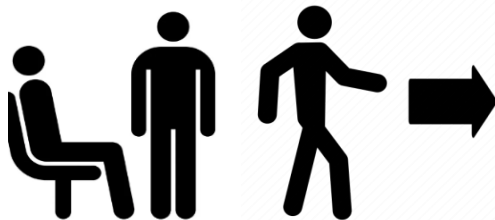

You, and the rest of the audience, **can sit or stand** in front or to the sides of the parasol. Please **stay behind the yellow rope** that will be on the floor.

The performers will **bow** at the **end of the show**.

You can **clap the performers** throughout the show if you'd like to. Ideal times are when they perform a big circus trick, and when they bow.

You can come and go from the show. If you leave, **it is ok** come back.

One of the performers will **walk through, and interact with, the audience**.

If you don't want to be interacted with, please just say so, and she'll move away.

In one part of the show, **beach balls will be thrown** around. Some may end up **in the audience**.

The performers will perform some **aerial circus tricks** that seem dangerous. They have practised them many times, and are **very safe**.

The **show ends** when all 3 performers are lying on top of the parasol with sunglasses on. Please clap if you'd like to.
