

**See Saw**

**Visual Story &  
Information**

**See Saw is an aerial circus show.  
There will be a structure called a rig.  
It looks like a big tent.**

**The show will last 50 minutes. There  
is no interval.**

**In the middle of the rig, there will be 2 fabric slings. 1 is yellow and 1 is purple.**

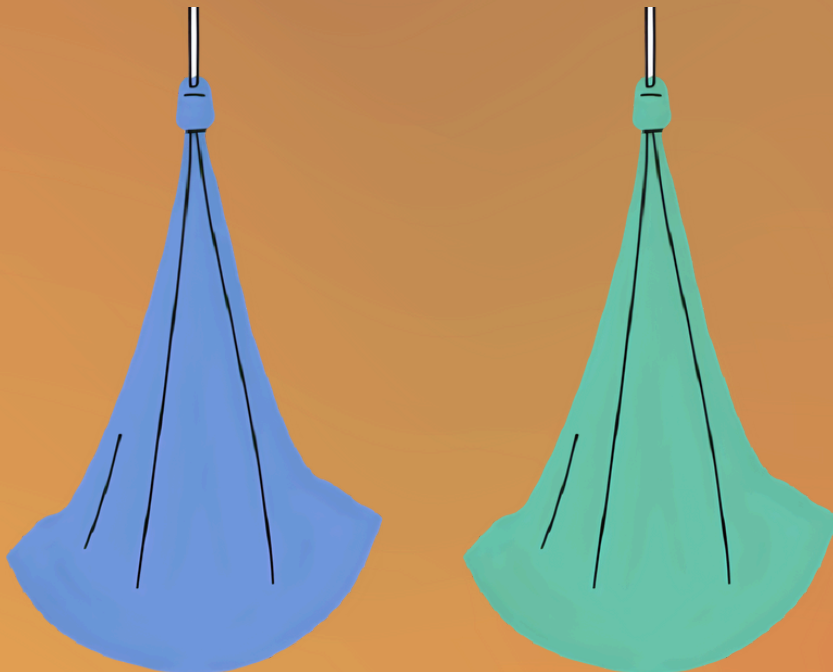

**This is where the show happens.**

**Please take your shoes off before coming into the rig.**

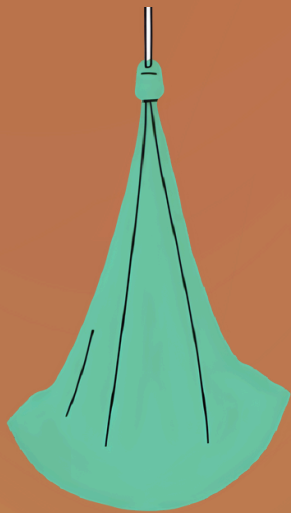

**Around the rig, there will be 6 blue fabric slings and crash mats.**

**You can sit in your fabric sling, or you can sit on the blue crash mat. It is your choice.**

**There will be 2 'Cloud Assistants' to help you into your fabric slings. They will be wearing blue and white.**

**The Cloud Assistants can lift you higher or lower in your fabric slings.**

**If you need help at any time, you can ask a Cloud Assistant.**

**During the show, the performers will be jumping, swinging, twisting and dancing.**

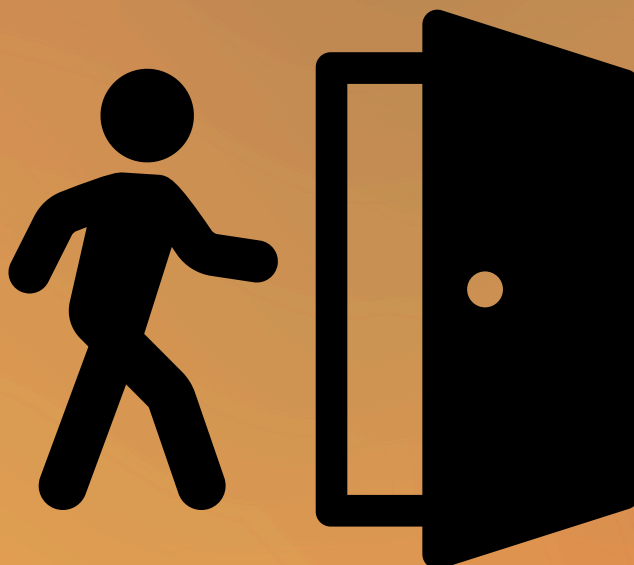

**In your fabric sling, you can gently bounce, swing, twist and dance too if you like.**

**During the show, there will be some audience interaction. You do not have to take part if you do not want to.**

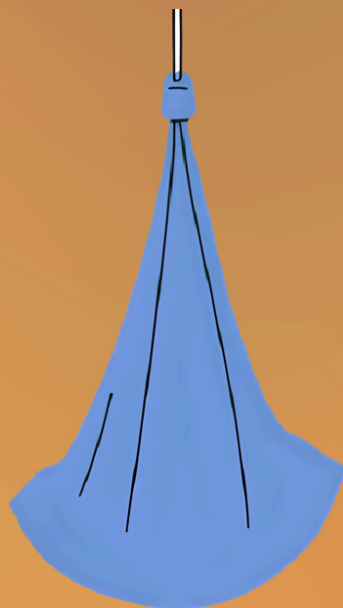

**You can leave at any time. You do not need to stay for the whole show.**

**Once the show finishes, people may clap. You can clap too if you like.**

**You can stay in your sling after the show has ended, to explore and play if you like.**

## **Notes for companions:**

This is a relaxed performance environment. All performers and staff are experienced in accessibility and audience care. We're here to help in any way we can!

It is important that you do not cross the performance space while action is happening.

If you need to exit the performance space, please let a Cloud Assistant or other member of staff know; they will be happy to help and safely escort you.

All young people must be accompanied by an adult at all times. No young people should be left unsupervised in the fabric slings. If any young people are left unsupervised, we may have to pause the performance.
